Race Group To Study Problems

The committee to study race relations at West Texas State University will meet again during the first week of classes for the spring semester to hear subcommittee reports.

The committee was restructured last week to deal directly with problems causing racial tension on the campus.

Previously the committee was to find a vehicle for airing points of conflict.

The subcommittees are to formulate a program for the committee to follow in dealing with the various problems.

Negro members of the committee, at last week's meeting, cited attitude as the main problem at WTSU. They spoke of the attitude of students, faculty and administration toward Negro students.

\$2,000 Needed For Japan Trip

About \$2,000 either in stamps or money is needed to send Sandy Buttrill to Japan to see her husband, Randy Buttrill, who was wounded in Vietnam recently.

Two widows of soldiers killed in Vietnam, Mrs. Robert Pullen and Mrs. Vance Berry, are sponsoring the project.

A fund has been set up at the First National Bank of Canyon and also at the Citizen's State Bank in Pampa, Sandy's hometown.

Buttrill was injured in a Viet Cong ambush and will be in the hospital in Japan for two months or longer.

Mrs. Pullen said they organized the project because, "Both of us know that if our husbands were wounded we would swim the ocean to get over there so we would really like to see Sandy get to go."

Mrs. Pullen said that Randy would have to go back to Vietnam after he recovered.

"We feel that if he can fight for our country," Mrs. Pullen said, "the least we can do is to send his wife over there especially since he has to go back."

Money is being accepted for the purpose at First National Bank.

participate in All-State Choir activities February 20-22 in San Antonio.

Roland, son of Mr. and Mrs. Glynn Roland of Mesquite Park, is a senior at Canyon High School and is playing a lead in the upcoming CHS musical "Carnival". He was a member of the outdoor drama production "TEXAS" last summer and was a member of the quartet in last year's all-school musical at CHS, "Music Man". He received a first division at state solo contests in Austin last June and was a member of the All-State Choir last year.

Son of Mr. and Mrs. H. B. Owen of Canyon, Hal Owen is a senior at CHS and plays a lead in "Carnival" this year along with being a member of the musical's publicity committee. He is an officer in band, choir, Canyon Christian Youth Council and is a member of the National Honor Society. He was an alternate for All-State Choir last year.

Six Exhibit At Amarillo

Canyon High School will be represented by six students exhibiting animals at the Amarillo Livestock Show this week end, according to Marcus Phillips, vo-ag instructor.

Exhibiting from Canyon will be Rick Hales, Mike Breitling, Harry Sims, James Lamb, Mike Branum and Jerry Crain. They will show a steer, 4 barrows and 5 lambs.

Upcoming on the schedule for the department will be the Fort Worth Stock Show January 30 and a stock show in San Antonio February 10.

Grand champion barrow of the Randall County Junior Livestock Show was purchased by Eugene Bonds of Bonded Duroc Farm of Canyon at 67.50 cents a pound. A Duroc, it was shown by Randy Breitling, left.

Afro-American Parade Planned

Negro students at West Texas State University will apparently celebrate an Afro-American weekend during the spring semester.

Frank Castleberry, program director for the student union building, said Wednesday he has been contacted by representatives of traditionally Negro fraternities at WTSU.

He said a Friday and Saturday in April have been set aside on the school's activities calendar for the activities.

The weekend may include a parade in Canyon.

Jim Walker, city clerk, said John Molden and Bryon Jones,

Negro students at WTSU, contacted him Friday morning requesting a permit to parade on city streets.

Walker said the city has no such permit.

The city clerk said he was told the parade would consist of about 300 persons. The two students were unsure of the exact date for the activities.

Regents Approve New Telephones, Lighting System

Telephone and lighting systems at West Texas State University will be improved as a result of last week's action by the Board of Regents, State Senior Colleges.

The university will replace the present PBX telephone system with a Centrex system which will provide students living on campus with a 24-hour phone service.

The university will also secure bids for the installation of a new campus lighting system to be maintained by Southwestern Public Service Co. at a rate of 60 cents per light a month.

Regents also approved a \$2 hike in building use fees paid by students for 1969-70.

Rape Charges Lodged Here

Two Amarillo juveniles, charged in connection with the alleged rape of a 14-year-old Amarillo girl will appear before Judge Carroll Brown at 9 a.m. Friday.

The two juveniles are 15 and 16 years of age, respectively.

The two will appear in Randall County Court.

Three other youths, all 17 years old and from Amarillo, were arraigned Sunday before Randall County Justice of the Peace W. W. Hancock on similar charges.

The three are Roderick L. McCown, Mike Mason and Tommy Joe Castleberry. Bond for McCown was set at \$7,500 and at \$5,000 each for Castleberry and Mason.

The two juveniles have been released into the custody of their parents.

Rape charges against the youths were filed after a 14-year-old South Amarillo girl reported to police that she was raped by five youths.

She said she had been drugged (See RAPE, Page 3)

Estate Settled After 13 Years

A final settlement of the estate of Louise Ladehoff was made out of court Tuesday after 13 years of court action on the matter.

The terms of the settlement were not disclosed.

Louise Ladehoff died Aug. 17, 1950. The value of the estate when inheritance tax was paid was set at \$69,121.

No will was found at the time of her death and the estate was divided between her husband, Donald, and two sons, Wayne and Donnie. The father was named guardian of the estate as the two sons were minors.

On Aug. 23, 1956, Donald Ladehoff filed a will made by Louise Ladehoff in 1947 for probate in the Randall County Court.

The will was found under a large rug in the home on July 23, 1956 when the rug was taken up for cleaning. The will left \$500 to each of the sons and the remaining estate of \$68,121 to Donald Ladehoff.

Wayne Ladehoff contested the will but on April 24, 1957 appeared in court and announced he had settled out of court with his father.

When Donnie Ladehoff reached that age of 21, he contested the will and the 47th District Court ruled in Dec., 1966, that the will be allowed to stand as it was provided by the county court.

The case was then appealed to the 7th Court of Civil Appeals which upheld the decision of the District Court on Nov. 12, 1967.

Donnie Ladehoff then appealed the case to the Supreme Court. On Oct. 9, 1968, the Supreme Court reversed the judgments of the lower courts and remanded the case back to the district court for a trial.

The trial was set for Tuesday in 47th District Court but Donnie Ladehoff settled the case with his father, Donald, out of court.

More Buyers At Sale This Year

Buyers paid \$8,709.71 for animals at the annual Randall County Junior Livestock Auction Sale Saturday night in the livestock building.

There were 58 buyers this year as compared to 39 for the sale last year.

Taylor-Evans Farm Store bought the grand champion steer at 62.50 cents a pound. The animal, a black Angus exhibited by Ricky Hales, weighed 897 pounds.

Jack Crabtree and Lloyd Winkley of Inland Fisheries prepare to count and weigh this pickup load of fish taken in a sampling of the fish population of Buffalo Lake Saturday. This load contained 3,300 pounds of fish. Another load was also taken from the lake in the sample.

Crop Programs Sign-Up To Begin In February

Sign-up for the 1969 feed grain, wheat and cotton programs will begin Feb. 3 and continue through March 21, according to Donald F. Lloyd, office manager of the Randall County ASCS.

The basic provisions of the 1969 feed grain program will be the same as for the past year, except that barley will be considered a feed grain under the new program, Lloyd said.

To participate in the program, a minimum of 20 percent of the base acreage must be diverted. There is no payment on the minimum diversion.

The maximum diversion allowed is 50 percent, the same as last year and Lloyd said that the farmers in Randall County had always diverted the full 50 percent.

Market price of cattle Saturday was 27.50 cents a pound.

The reserve champion was also a black Angus. It was purchased by Anton Hollenstein at 42.50 cents a pound and weighed 1,019 pounds. It was shown by Roy Hollenstein.

Steer bidding was generally strong. Prices paid ranged from 37 cents a pound. "We feel like it was a real strong sale for calves," said John (See MORE, Page 3)

Voters Not Registering

Approximately 3,558 voters had registered to vote in Randall County as of Wednesday with about two weeks left in the registration period.

Statistics in the tax office show that 2,613 voters had registered in Canyon and 945 at the sub-office in Amarillo.

Orvie Henry of the Tax Assessor-Collector's office said that the number of registered voters was far behind last year.

He said that last year was election year and there was more interest.

The deadline for voter registration is Jan. 31.

Stroup Is Sentenced

Gaylord Stroup, 24, of Canyon, was sentenced to four years in the state penitentiary Monday after pleading guilty to a charge of burglary.

Stroup was charged in December with burglarizing a room in a boarding house which is operated by his mother, Mrs. Audrey V. Stroup of 2201 5th Ave.

Several articles of clothing and a blank check were taken in the burglary. The room was occupied by Warlick Dollar of Farwell, a student at West Texas State University.

Stay On Job Says Commissioner Rule

Randall Commissioners court Monday laid down a stringent rule governing work habits of court house employees.

The court moved that no time off be allowed county employees during working hours for attending to personal affairs.

Commissioner Clarence Beckman said this rule does not include elected officials.

"We don't have anything to say about elected employees," said Beckman. "That's up to the public."

Commissioners also set holidays to be observed by county personnel.

Commissioners voted to participate 20 percent in the cost of an urban transportation study, begun in 1964, along with the city of Amarillo and Potter County. Randall's share in the study is not to exceed \$3,100 with the city of Amarillo participating in 50 percent of costs up to \$7,748 and Potter County 30 percent up to \$4,650.

Presenting the request for Randall County participation was Amarillo City Manager John Stiff.

Stiff suggested that the city of Canyon also participate.

"It's going to be pretty important to them," he declared.

The court voted to issue \$397,000 in refunding bonds to pay off warrants which financed the building of the new court house annex here.

Bob Davis of Columbian Securities said the bonds will be dated Feb. 15, 1969 and are being offered at an average rate of 4.8892 percent.

Commissioners learned that William K. Davis has been employed as 47th District Court reporter to succeed W. R. Frazer, who has retired. Davis was employed at \$800 a month with \$289.92 charged to Randall County, \$16.80 to Armstrong County and the remainder to Potter County.

The court voted to purchase a truck from Jess Ford Company of Canyon for \$3,990. There were two bids lower than the one accepted, these having been submitted by International Harvester Company of Amarillo at \$3,988.34 and by Plains Chevrolet of Amarillo at \$3,969.70.

Beckman for whose precinct the truck was purchased said he favored accepting the Jess Ford bid because of the proximity of the company's servicing department to his precinct.

Seven bids were submitted. Commissioners purchased several items of furniture for the new annex building.

Weed Fish At Buffalo

The results of a sampling of the fish in Buffalo Lake taken Saturday showed that 99.46 percent of the fish were of an undesirable species.

Jack Crabtree of Inland Fisheries said that a sample of 5,132 pounds of fish was taken from the lake and only 28 pounds were channel cat fish.

The rest of the fish were carp, gold fish, bull head cat fish and golden shiners.

"This reaffirms our belief that the population in Buffalo Lake needs to be killed out and the lake restocked and we are continuing with efforts to obtain funds and complete the preliminary work on this project," Crabtree said.

The plan is to totally renovate the lake this spring, Crabtree said.

The funds for the project would be federal aid funds derived from a tax on fishing equipment, he said.

Crabtree said that on the basis of the sample taken, it appears that the game fish were practically eliminated in the recent fish kill at the lake.

If the lake were restocked, it would be opened to fishing in (See WEED, Page 3)

"TEXAS" In Inaugural Day Parade

The Texas Panhandle Heritage Foundation was the only group north of Lubbock to be invited to participate in the inaugural parade Jan. 21 in Austin, according to Raymond Railroad, executive director of the foundation.

The foundation will enter a float depicting the musical drama, "TEXAS" in the parade held when governor-elect Preston Smith takes office.

This will mark the second time a "TEXAS" float has appeared in the inaugural ceremonies. The theme of the parade will be Texas Tourism.

Between 18 and 20 students who star in the annual production will be featured on the float and they have also been invited to attend the inaugural ball.

Background colors of the float will be green with yellow trim and the main side decoration will be the trademark of the show.

The students will wear "TEXAS" costumes and will sing "Texas Forever" while waving the six flags of Texas.

Railroad, and James Kemmerling, technical director of "TEXAS" will supervise decoration of the float. Joe Batson and Bill Rhew of Amarillo are making arrangements for sound amplification.

Bulletin

A grant offer of \$75,150 has been made to the city of Canyon for use in improving the sewerage plant here.

This announcement came Wednesday from the office of Congressman Bob Price.

The grant offer was made by the Federal Water Pollution Control Administration of the Department of the Interior.

FROM THE

CANYON RIM

Commissioners court laid down a hard and fast rule Monday stipulating that salaried county employees in the future will not be allowed any time off during working hours to attend to personal affairs.

The rule does not apply to elected officials.

I should think that County Judge Carroll Brown would be embarrassed to have such a ruling passed by the body over which he presides.

Judge Brown is chronically absent from the court house during working hours.

I called him recently on a matter of importance and finally located him in his law office in Amarillo.

Sheriff L. S. "Slim" Johnston told me he was forced to delay indefinitely the arraignment of a prisoner because the judge was not available.

Handling of juveniles has been most worrisome. The county judge must be on hand to make decisions in such matters.

Judge Brown is the county's highest paid official—drawing the legal maximum for his post. If he were to put in 40 hours a week—and he should—he would be drawing a handsome hourly wage of more than \$6.

I supported a pay raise for the judge last year. At that time I told him this column would insist that he be on the job to serve the people of Randall County—the folks who foot the bill for his wages.

"Huckleberry Finn", the Mark Twain classic, has gone the way of Amos 'n Andy—a victim of Black Power.

Huck has been dropped from the required reading list of Miami Dade Junior College because "it appears to create an emotional block for black students that inhibits learning."

I hope corn pone, Southern fried chicken, hominy and collard greens never become "embarrassing" to Black Power people. I'd hate to see a law

passed against them.

Americans have had another example of how bureaucracy, working through the Federal Registry, is able to circumvent the will of Congress and thwart democracy.

One of the hottest issues before Congress last session was a gun registration proposal. The Congress responded by defeating all such bills.

The day following the national election—Nov. 6—an announcement of a federal gun registration rule—Congress notwithstanding—was made in the national capital.

The rule was imposed by the Collector of Internal Revenue.

In the Federal Register of Nov. 6, 1968, Volume 23, No. 217, the Internal Revenue Service imposed a rule on reporting sales of ammunition and firearms. Under the new rule, any persons buying firearms or ammunition from a dealer will have to report his name and address, height and weight, place and date of birth, and provide identification. The rules empower the regional office of the IRS to require regular reports from all dealers on names and addresses of every person who buys firearms or ammunition.

In this way every firearm and every purchase of ammunition will become a permanent record in the files of the IRS. This is gun registration by bureaucracy in defiance of the Congress of the United States.

IRS is prepared to do on its own what Congress refused to do as representatives of the people.

I think Congress should immediately erase this presumptuous edict and begin a full-scale probe of the Federal Registry system—a system which represents no one except those who seek to impose illegal power over the people of this country.

Bufs Fight For 10-2 Record In Rematch With Rebels

A rematch with the University of Texas at Arlington will provide the West Texas State University Buffaloes with game number 13 and what they hope will be win number 11 Saturday.

The Buffs, possessing a 10-2 record, go against the Rebels in the WT fieldhouse.

The Buffaloes, already boasting as many wins as they had all last season, will try to make the Rebels' record four victories and 14 losses.

The Rebels, playing some of the nation's toughest teams, like third-ranked Trinity, have posted a dismal 0-8 road record, with a somewhat brighter 4-1 home record. The lone defeat was suffered at the hands of the Buffaloes, who beat them 95-87.

Rebel Eddie Stallings, 6-3 forward, posted 35 points in the Buff game—an individual high this season for the Arlington team. Stallings averaged 19.6 points in his first 19 games this season.

The Buffs' all-American candidate, Simmie Hill, continued to pace WTSU through the Eastern New Mexico University game. He hit 26 points bringing his 12 game average to 24.3. He also leads in the rebound department with 155 rebounds for a 12.9 average.

The Buffs played poorly against ENMU, hitting 26 of their 71 field goal attempts for just 38 per cent.

Free throws were much better, with the team hitting 21 of 30 for 70 per cent. Hill put in 10 of the 12 alone for an 83.3 per cent personal average.

The Buffs have allowed 78.9 points per game while sinking an average of 87.8 points themselves.

Saturday after next, the Buffs

begin a strenuous four-game road trip beginning with Utah State at Logan.

Following that contest, they travel to Utah at Salt Lake City on Jan. 27, and then to Weber State at Ogden, Utah.

Rounding out the trip with a televised game at Denver University on Feb. 1, the Buffs will return home to finish the season Feb. 4 against Pan American College at Edinburg.

Our World

BY ANN BROWN

There is an agonized hue and cry at the moment for the apprehension of the murderers of the two lovely coeds and the fine young man. But if the friends are caught what will happen to them? Probably nothing. If they are not freed on technicalities, they will be given room, board, protection, and every creature comfort for a few years. In the meantime they will be provided with the "best" lawyers in the nation to defend them—all at the taxpayers' expense.

Walker said the city would want the parade sponsors to submit a statement to the Chief of Police Calvin Costley, outlining the exact time, place, number of persons expected, vehicles to participate and so on.

"The police chief will then review the statement and make any deletions or additions as necessary," Walker said.

The statement will then be submitted to the City Council for approval.

Walker said as of Wednesday no formal statement had been submitted.

Production records for 1965, 1966, 1967 will be required for proving a higher yield than established for farms.

If production records will substantiate a higher yield than established, an appeal must be filed within 15 days of the date of notice.

Warehouse receipts, scale tickets or settlement sheets may be accepted as proof of production if sufficient information such as dates is shown, Lloyd said.

Acreage and yield notices will be mailed in the next few days, Lloyd said, the ASCS office should be notified immediately of any change of address.

Sale receipts for the 1968 wood incentive program must also be filed not later than Jan. 31.

Guilty Plea Is Accepted

Howard Lee Guffey, 47, of Amarillo, pleaded guilty Wednesday to a charge of aggravated assault and was sentenced to one year in the county jail by District Judge Gene Jordan.

Guffey, a dishwasher at the Red Barn in Canyon, was arrested Nov. 13 and charged with assault with intent to murder in connection with the stabbing of Raymond C. Root, a student at West Texas State University.

An argument between two employees at the Red Barn resulted in the stabbing of Root in the left wrist.

German Recipes Shared

Mrs. James McSweeney shares favorite recipes from Germany with our readers this week. A native of Germany, Mrs. McSweeney is the former Kaethe Magdalene Troschke of West Berlin. Her mother, who has been to the United States on four visits still resides in West Berlin.

Mrs. McSweeney and her husband, James, were married in West Berlin at the Evangelical Lutheran Church where she had taught kindergarten for seven years in 1957.

She related that both her sisters, Mrs. Edward L. Weed of Long Island, New York and Mrs. Edward W. Query of Kent, Ohio, also married American servicemen.

Her husband is a native of Giddings, Texas and his mother and stepfather, Mr. and Mrs. Dee Webb, now live in Edinburg. He graduated from Giddings High School and earned the BA degree from Sam Houston Teacher's College in Huntsville, the MA from the University of Tennessee and is presently working on a doctorate at the University of Tennessee.

The McSweens came to Canyon in 1967, where he teaches sociology at West Texas State University.

They have one son, Gordon Alan, who is a second grade student.

Mrs. McSweeney is a den mother for Cub Scouts here and the family is active in St. Paul Lutheran Church, where she teaches a kindergarten Sunday School class and her husband is substitute teacher for the teenage group.

Of hobbies, Mrs. McSweeney said that the family enjoys camping and swimming and have

recently made a 10-state trip by camper during the Christmas holidays.

The recipes she shares are:

MOHUSBOLLEN (POPPY SEED ROLL)

1 can of Poppy Cake and Pastry Filling
1 pkg. fresh or dried yeast
1 cup white sugar
2 eggs
1/4 lb. butter or margarine
3 cups flour
2 tsp. vanilla
dash of salt
1 Tbsp. rum or extract

Keep all ingredients at room temperature. Make regular yeast dough and roll out on floured board. Take rolled out dough and put on greased and floured cookie sheet. Spread poppy-seed filling over the dough. Add rum or extract if desired and roll together. Push ends of roll together and cover with egg white to keep roll closed. Let rise until doubled in bulk on top of oven, covered with towel.

Bake in moderate 350 degree oven until done. (Test with toothpick.) Allow to cool for 5-10 minutes and ice with a light powdered sugar icing of butter, cream and sugar.

EASY CHICKEN ROLLS
(Serves 4)

8 chicken breasts
1 pkg. smoked spicy beef
4 pieces of bacon
2 cans cream of mushroom soup
2 Tbsp. white wine, if desired

Loosen chicken breasts from bone and skin. Take one slice of smoked beef and roll together. Roll chicken breast around beef. Divide bacon slices in half and roll around chicken. Fasten with toothpick. Do not add any salt, since beef is salty.

Put rolls in greased pyrex pan. Pour cream of mushroom soup over it. Cover with foil and bake in 450 degree oven until done and bubbly hot.

Good served with cooked rice which has been seasoned slightly with nutmeg and butter.

HOT PUNCH

1 bottle red burgundy
1/2 cup sugar
4 oz. lemon juice
4 cloves, or powdered cloves
1 sliced lemon
1 cup water, if desired

Heat all ingredients to boiling point, except lemon slices. Place individual lemon slices in punch cups and cover with hot punch. May use additional sugar if desired.

Child's Family Role Is Discussed

"Children live in families too--and they need to feel that they belong," stated Mrs. Ann Brown as she gave a program for University Study Club members Friday afternoon at the Girl Scout Building.

"Each child needs to know they are loved, accepted and important to the family," concluded Mrs. Brown. She said to "avoid" 1. undue or constant criticism, 2. unfavorable comparisons, 3. assigning unsuit-

able tasks, 4. taking the child for granted, and 5. thoughtless teasing and embarrassment.

She urged that children be made to feel they belong by 1. listening to the child, 2. noticing them and letting them know of your appreciation, 3. giving encouragement, 4. complimenting (not flattery but sincerity), and 5. cooperation with the child.

Mother of two sons, Mrs. Brown earned her BA in psychology and English from Wayland Baptist College in 1961, the MA in English from Texas Technological College in 1962, and the counselor's certificate from West Texas State University in 1965. She has taught Bible classes in churches since 1937 and has helped to organize three Baptist Churches.

She is assistant to the director of student personnel at WTSU and teaches psychology and English courses in addition to serving as counselor at the university. She formerly wrote for the Olton Enterprise and currently writes a column "Our World" for The Canyon News.

The club's business meeting was conducted by Mrs. Bob Lindsey in the absence of Mrs. Wm. B. Davis, president. Introductions were made of guests

attending the meeting and reports were given on Girlstown USA Christmas gifts and the upcoming Heart Fund campaign.

Mrs. Sam Jolly was named to fill the term of vice president, replacing Mrs. Wire Wright, who resigned.

Officers for the 1969-70 club term were elected at the meeting including Mrs. Sam Jolly, president; Mrs. Mac Bush, vice president; Mrs. Allen Winters, secretary; Mrs. Harold Erwin, corresponding secretary; Mrs. Foster Parker, treasurer; Mrs. Duane Howard, parliamentarian; Mrs. Bill Adams, reporter-historian; and Mrs. Murphy

Union Maps 1969 Goals Area Cattlemen Meet Monday

Members of the Farmer's Union discussed projected goals of the group for 1969 at a meeting at the Lindsey Land and Cattle Company Monday night.

The group of 16 members of the Union heard reports from two delegates to the state convention held Jan. 5 in Austin. They were Alfred Buecker and James Lamb.

Mrs. James Lamb gave a report on the expected increases in the Blue Cross and Blue Shield plan for the group.

The four goals of the Union include working toward getting the federal government to release wheat acreage taken in the recent acreage reduction, according to Bob Lindsey, so that farmers can plant other crops on the land.

The group will also work for

The group would also like to do away with corporate farming in Texas used by the big farming syndicates and hobby farmers who can pay for a piece of land and at the same time deduct their losses in their other business, Lindsey said.

The group also discussed plans for a monthly family meeting to replace the general meeting and a monthly board of directors meeting to take care of business matters.

Jaime Laredo, Violinist Gives CCA Concert

BY BRIAN L. WALTON

Area residents were afforded a great treat last Thursday evening when the Bolivian violinist, Jaime Laredo, gave a recital at the Canyon High School Auditorium as part of the Canyon Community Concert Series.

Jaime Laredo is certainly one of the most talented and technically gifted violinists of the younger generation. His playing on Thursday evening was of the highest order. In evaluating it against standards of other violinists of the first rank, we are dealing with minute differences.

His playing has matured a great deal since the last time this reviewer heard him eight years ago. The technical brilliance is still there, but the vast reservoir of intuitive musicianship has been tempered somewhat by more conscious thought to the various diverse elements in the music. Nowhere was this more in evidence than the A major sonata of Franck. Without a doubt, this was the musical high point of the evening. The calm and quiet opening contrasted marvelously well with the climaxes which followed later on in the movement. Laredo's accompanist, Amy Bronstein, treated the piano part as the virtuoso piece that it is, but managed to achieve the most delicate nuances in the softer more intimate sections.

Miss Bronstein's playing of the tempestuous opening of the second movement of the sonata was enough to leave one breathless. The movement was full of drive and rhythmic vitality. Except for a lapse of control of a few seconds toward the end of the movement on the part of Miss Bronstein, the conception was unbroken. At times Laredo avoided vibrating on certain fingers. This was noticeable in the third movement. Aside from this, however, the movement was appealing in its simplicity. The entire performance of the work was characterized by emotional intensity on the one hand and calm repose on the other. The true appeal of this performance was in the fact that both artists balanced these qualities masterfully.

The Leclair sonata in D major opened the program and was followed by the Scherzo Op. posth. of Brahms. These works do not have the emotional appeal of the Franck sonata and did not seem to have as much of an effect on the audience.

The last movement of the Leclair was the most successful. Laredo's playing was clean and the intonation was impeccable. The movement was well proportioned and was executed with the utmost vitality.

The programming of the Brahms Scherzo gave the audience an opportunity to hear this seldom performed work. Although this early work perhaps does not show Brahms at his best, the performance of it left something to be desired. The slow middle section seemed to lack that spacious quality of phrasing which is essential in the performance of Brahms' music.

After intermission Laredo played the Schumann Fantasy in C major, Op. 131 arranged by Kreisler, the Romanza Adnaluza of Sarasate, and the Fantasy on Bizet's "Carmen" arranged by Sarasate and Zimbar-

ist. These pieces were thoroughly charming. They were executed with grace and controlled abandon. The technical high point of the evening was the Carmen Fantasy. This piece was, in fact, the only true virtuoso piece on the program and gave Laredo ample opportunity to display a formidable technique. This was the kind of technical show which one wished could go on and on.

As a violinist and musician of the younger generation, Jaime Laredo is without peer, and one would expect that in the future he will receive more of the international recognition he deserves.

Two Programs Are Scheduled
